Liz Brierley formally joins SEA Gas as Pipeline Operations Manager

Pipeline Operations Manager, Ms Liz Brierley, has formally accepted the SEA Gas position after being on secondment to SEA Gas from APA Group since February 2009.

Liz joined Origin Energy Asset Management (later to become APA Group) in 2000 as a Project Engineer. She became Pipeline Operations Manager in 2006, responsible for managing Envestra's licensed pipelines in South Australia and the Northern Territory and Origin Energy's transmission Pipelines in South Australia and Western Australia.

As Pipeline Operations Manager with SEA Gas, she manages all of the operational matters associated with SEA Gas' high pressure gas transmission system.
